

Changer le owner des tables et des séquences

```
for seq in `psql -qAt -c "SELECT sequencename from pg_sequences where sequenceowner = 'ou16';"
odoo` ; do psql -c "alter sequence \"\$seq\" owner to odoo" odoo ; done
```

```
for tbl in `psql -qAt -c "SELECT tablename from pg_catalog.pg_tables where tableowner =
'ou16';" odoo` ; do psql -c "alter table \"\$tbl\" owner to odoo" odoo ; done
```
