

# Resynchroniser l'horloge avec l'AD

D'abord juste essayer la commande :

```
w32tm /config /syncfromflags:domhier /update
```

Sinon faire tout ca :

```
w32tm /unregister  
net stop w32time  
w32tm /register  
net start w32time  
w32tm /config /syncfromflags:domhier /update  
net stop w32time  
net start w32time
```

Ensuite vérifier :

```
w32tm /query /source  
w32tm /query /configuration
```
